Evaluator's Checklist

EVALUATOR'S CHECKLIST

A1.1. You are the ANGRC expert on the subject of the attached suggestion. To make it easier to fill out the evaluation form, double check to be sure you have answered the following questions. If you need help call XPME, ext. 2-8234.

A1.2. Did you address the NGB Form 7 to the organization needing to take the next action? Don't forget Items 1 and 2.

A1.3. If you elected to adopt the suggestion, did you place an "X" in Item 3E? Did you check either TOTALLY OR PARTIALLY? Did you furnish the IMPLEMENTATION DATE? If you don't know when it will be implemented, please furnish an estimated date.

A1.4. If you don't have the authority to approve the suggestion, did you mark Item 3D on the NGB Form 7? Did you address the form to the higher OPR; e.g., the appropriate maintenance depot?

A1.5. Did you explain in Item 4 the reasons for your decision? Be specific; give as much information as you can. Don't use abbreviations without first spelling out what is meant. Be positive in your reply. Remember to thank the suggester for using the suggestion program. Remember that the suggester will see your reply. Don't turn the suggester off!

A1.6. Did you show TANGIBLE BENEFITS in Item 6A, B, and C? Show how you arrived at the cost of savings (provide supporting documentation); don't just give a total. Take a little extra time to figure out the benefits to the government. This is important. Remember the award authorities depend on your evaluation. If there are no TANGIBLE BENEFITS, did you explain the INTANGIBLES (impact on the operation) in Item 7C

A1.7. Did you include your printed name, rank, title, organization, and DSN number in the LOWER LEFT corner block of the NGB Form 7?

A1.8. Did the responsible official (your supervisor) SIGN in the LOWER RIGHT corner? Is the printed name, rank, title, and organization included?

A1.9. Did you keep a copy of the evaluation and suggestion for your file and future use to determine if another suggestion is a duplicate? Is the NGB Form 7 typed?

A1.10. When you can answer yes to the above questions, you are ready to give the package to your office Suggestion Monitor to clear the suspense for return to ANGRC/XPME, the Suggestion Office. Always return the package to XPME, even before it goes for higher evaluation. Thank you for the time and effort you have expended in evaluating this suggestion.
